Coordination of Benefits with Medicare

- The ARBenefits Medicare Premium Plan for Retirees will coordinate as if Medicare Part A and Part B are both in force at the time of service. If the member does not have Part B, the Plan will pay as though the member does have Medicare Part B and the member will have full financial responsibility for incurred claims.
- The Plan will cover services for our Medicare Primary members as for our active and non-Medicare members. Even if Medicare does not cover a particular vaccine/service/etc., the plan will cover if we provide coverage for our active and non-Medicare members.
- Coverage will be determined based on the level of coverage outlined in the SPD for active and non-Medicare members - services paid at 100% will be no-charge. For all other services deductible, copay and coinsurance will apply when applicable.
- All physician, hospital, and medical services offered to Medicare Primary Retirees on the ARBenefits Plan are subject to the provisions of the Schedule of Benefits listed in the Summary Plan Description. The ARBenefits Plan does not allow all services allowed by Medicare. Please review the SPD carefully to determine if a service is covered.
