12	Tire pressure monitoring kit (per Tire)	10.00	10.00		

3.3 Price and Rate Guarantee Period

The percentage discounts off MPL for tires and tubes must remain the same for the duration of the Contract. The Contractor will provide an updated tire and tube price list annually with updated effective dates.

Tire and tube pricing updates are allowed annually. A request for price increase must be submitted to the Lead State Contract Administrator sixty (60) days prior to March 31 each year for approval by the Lead State. Acceptable supporting documentation could include providing a comparison of indices from the Producer Price Index which show an increase in the tire manufacturing costs over a period of several years. Acceptable supporting documentation could also include a copy of a letter from a supplier stating they are increasing their price to the Contractor. The Lead State will determine whether the supporting documentation provided is sufficient to justify the requested price increase and reserves the right to clarify or request additional documentation.

The Lead State will provide written acceptance or denial of the proposed price increases to the Contractor within 30 days of receipt of the request for price adjustment.
