Get the most out of your coverage

- **Portability:** If you retire or change jobs, you may still be able to take your existing coverage with you at an affordable rate.
- **Conversion:** You may be eligible to convert your coverage to a whole life policy without proof of good health when coverage ends under the group certificate.

- 1 Spouse and dependent coverage will not be effective if they are currently totally disabled. Being totally disabled means the inability to perform two or more activities of daily living, being confined to a hospital or similar institution, or being unable to attend school outside the home (for a dependent child age 5 up to age 26). The ability to work does not determine disability. You can pay premiums on insurance for your dependents with no health questions asked. Coverage isn't effective until the earlier of the date they are no longer totally disabled or two years after the date that coverage would have otherwise become effective for the spouse or dependent child. This provision does not apply to newborn children born while dependent insurance is in effect.
- 2 Terminal illness means an injury or sickness that results in the covered person having a life expectancy of 12 months or less and from which there is no reasonable prospect of recovery.
- 3 The Employee Assistance Program and Life Planning Services, provided by Health Advocate, are available with Colonial Life & Accident Insurance Company's Group Term Life offering. Terms and availability of service are subject to change. The service provider does not provide legal advice; please consult your attorney for guidance. Services are not valid after coverage terminates. Please contact the company for full details.
