AGENDA
State and Public School Life and Health Insurance Board
Benefits Sub-Committee

January 22nd, 2021
10:00 a.m.

EBD Board Room – 501 Building, Suite 500

I. Call to Order................................................................. Susan Gardner, Chair

II. Approval of December Minutes............................... Susan Gardner, Chair

III. Trend Experience .............................................. Paul Sakhrani & Courtney White, Milliman

IV. ACHI Presentation........................................... Elizabeth Montgomery & Mike Motley, ACHI
   a. COVID Update
   b. Bariatric Program Analysis

V. Director’s Report.................................................. Shalada Toles, EBD Deputy Director

VI. Adjournment............................................................ Susan Gardner, Chair

2021 Upcoming Meetings:
February 19th, March 19th, April 16th

NOTE: All material for this meeting will be available by electronic means only

Notice: Silence your cell phones. Keep your personal conversations to a minimum.
The Benefits Sub-Committee of the State and Public School Life and Health Insurance Board (hereinafter called the Committee) met January 22, 2021, at 10:00 a.m. via teleconference.

**In Attendance**

**Members Present**
- Claudia Moran
- Herb Scott
- Stephanie Lilly-Palmer
- Ronnie Kissire – Vice-chair
- Shalada Toles, EBD Deputy Director

**Members Absent**
- Cindy Allen
- Susan Gardner – Chair

**Others Present**
- Rhoda Classen, Mary Massirer, Theresa Huber, Laura Thompson, Jennifer Goss, Drake Rodriguez, Stella Greene, EBD; Mike Motley, Elizabeth Montgomery, ACHI; Octavia DeYoung, Micah Bard, EBRx UAMS; Jessica Akins, Takisha Sanders, HA; Courtney White, Paul Sakhrani, Scott Cohen, Julia Weber, Milliman; Mitch Rouse, TSS; Judith Paslaski, MedImpact; Ronda Walthall, ARDOT; Sylvia Landers, Colonial Life; Kristie Banks, Mainstream; Frances Bauman, Novo Nordisk; Julie Grogan, UCB; Aaron Shaw, BI; Nicholas Poole, ASEA

**Approval of Minutes by Ronnie Kissire, Vice-Chair**

**MOTION** by Lilly-Palmer:

Move to approve the December 11, 2020 minutes.

Scott seconded; all were in favor.

Minutes Approved.

**Trend Experience by Courtney White and Paul Sakhrani, Milliman**

White and Sakhrani provided an update on the Plan experience for ASE and PSE and presented the 2020 and beyond roadmap.

**ASE**
- 2020 projected plan experience
  - Allocation of Prior Years' Surplus for 2020 is $25.1M
  - Estimated surplus of $1.2M (after prior years’ surplus allocation)
  - End of Year Unallocated Assets for 2020: $9.6M
  - No Plan changes / 5% increase in employee contributions
2021 Plan experience
- Allocated of Prior Years' Surplus for 2021 is $14.5M
- Projected deficit: -$400K (after prior years' surplus allocation)
- End of Year Unallocated Assets for 2021: $9.2M
- Reflected 2021 program initiatives and board decisions
- Increased membership based on historical patterns
- Baseline trends (medical: 5%, pharmacy: 8%)

2022 projected plan experience
- Allocated of Prior Years' Surplus for 2022 is $6.1M
- Estimated deficit: -$32.8M (after prior years' surplus allocation)
- End of Year Unallocated Assets for 2021: -$23.6M
- Reflected baseline scenario
- No plan design or contribution changes
- Baseline trends (medical: 5%, pharmacy: 8%)

PSE

2020 projected plan experience
- Allocation of Prior Years’ Surplus for 2020 is $25.3M
- Estimated deficit of -$200K (after prior years’ surplus allocation)
- End of Year Unallocated Assets for 2020: $5.5M
- No Plan changes / 0% increase in employee contributions

2021 Plan experience
- Allocated of Prior Years' Surplus for 2021 is $15.5M
- Projected deficit: -$22.7M (after prior years' surplus allocation)
- End of Year Unallocated Assets for 2021: -$17.3M
- Reflected 2021 program initiatives and board decisions
- Increased membership based on historical patterns
- Baseline trends (medical: 7%, pharmacy: 8%)

2022 projected plan experience
- Allocated of Prior Years' Surplus for 2022 is $7.1M
- Estimated deficit: -$66.2M (after prior years' surplus allocation)
- End of Year Unallocated Assets for 2021: -$83.5M
- Reflected baseline scenario
- No plan design or contribution changes
- Baseline trends (medical: 7%, pharmacy: 8%)

Discussion:
ASE

Lilly-Palmer: Can you go back over what you were saying about September of 2019 through October 2020 regarding the trend being way up. I am seeing October 2019 spiked, but I'm not sure exactly what you meant.

White: You can see if you look at June of 2020 versus June of 2019, it did come back close to prior levels and the same with July. August 2020 was lower than 2019. Some of that could be due to extra days in the month, too, depending on how the calendar year falls. Then, you see that October of 2020 goes up but not near what it went up in 2018 or 2019. Usually, we expect claims to go down between August and September in both years, whereas this year it actually went up a little bit.

Lilly-Palmer: You were saying that we will probably have better reporting next meeting regarding November and December and possibly have January in there?

White: We will definitely have November, and we could probably add December. What I'm really trying to say is that we don't really know what 2021 is going to look like, but hopefully, by rate-setting time, June and July, we will at least three months of real 2021 data and we can use that to project.

2020 Roadmap

Scott: How do you get to the portal you are referring to?

Toles: We will be sending an email out later provides some instructions. Once you get that email and are still having issues, please reach out to Rhoda or me and we will be happy to help you.

ACHI Presentation: Elizabeth Montgomery & Mike Motley, ACHI

Montgomery and Motley presented updated analyses regarding COVID-19 impact on the plan and reviewed preliminary analyses of the bariatric surgery program.

Director’s Report by Shalada Toles, EBD Deputy Director

Toles reiterated Paul’s statement about the training that is forthcoming to build up the fundamentals so that you are very informed about how the plan works. We will also be working with you to schedule some time training with EBRx to explain how the pharmacy part works.

MOTION by Moran:

I make a motion to adjourn the meeting.

Lilly-Palmer seconded; all were in favor.

Meeting Adjourned
State of Arkansas Employee Benefits Division

Interim Monitoring Report
Through December 31st

State and Public School Life and Health Insurance Benefits Subcommittee

Guiding Principles - ILLUSTRATION

Vision Statement:

- State, school district, and employer funding
- Affordability of employee contributions
- Subsidies between populations
- Plan options
- Promote culture of health and well-being
- Provide tools for positive decision making
- Months of catastrophic reserve

Guiding Principles to Fulfill Vision Statement

Assumptions & Methodology

Assumptions – Benefit Plan Changes (2020 to 2022)

• ASE
  • No significant plan cost changes for Active, Pre-65, and Post-65 benefit plans
• PSE
  • No significant plan cost changes for Active, Pre-65, and Post-65 benefit plans
Assumptions & Methodology

Assumptions – Other

- **Age/Gender**
  - Age/Gender factor based on Milliman Health Cost Guidelines™

- **Enrollment Projections**
  - Actual enrollment utilized for March 2019 through December 2020
  - Projected January 2021 – December 2022 based on historical patterns

- **Program Savings**
  - 2021 program savings estimated to be $7.5 million for ASE and $5.5 million for PSE
  - 2022 program savings estimated to be $7.6 million for ASE and $5.7 million for PSE

- **Plan Administration Expense**
  - ASE - $3.85 PMPM for CY 2021 ($3.97 PMPM for CY 2022)
  - PSE - $2.14 PMPM for CY 2021 ($2.20 PMPM for CY 2022)

- **Plan Administration Fees include PCORI charges for 2021 and 2022**

- **Percentage of Population earning wellness incentive**
  - ASE – 76.4%
  - PSE – 79.2%
Assumptions & Methodology

Methodology

1. Summarized fee-for-service (FFS) medical claims incurred from March 1, 2019 to February 29, 2020 and paid from March 1, 2019 to December 31, 2020. Medical claims are gross of withholds. Reports reflects the timing of when EBD is expected to pay the withhold.

2. Summarized fee-for-service (FFS) pharmacy claims incurred from November 1, 2019 to October 31, 2020 and paid from November 1, 2019 to December 31, 2020.

3. Converted the paid and incurred claims to incurred claims using completion factors. This incorporates the incurred but not reported (IBNR) claim reserve.

4. Summarized member months for March 1, 2019 to February 29, 2020 (medical) and November 1, 2019 to October 31, 2020 (pharmacy).

5. Divided the summarized incurred claims by the appropriate member months to calculate PMPMs.

7. 2021 and 2022 Projected the incurred claims PMPM from the midpoint of the experience period (September 1, 2019) to the midpoint of the contract period (July 1, 2021 and July 1, 2022, respectively).

8. Made adjustments for seasonality, benefit changes, and age/gender mix.

9. Accounted for rating period fees and administrative expenses.

10. Where applicable, converted incurred budget to paid budget based on historical payment patterns.
Limitations

Courtney White and Paul Sakhrani are Members of the American Academy of Actuaries and Fellows of the Society of Actuaries and meet the Qualification Standards of the American Academy of Actuaries to render actuarial opinion contained herein. To the best of our knowledge and belief, this analysis is complete and accurate and has been prepared in accordance with generally recognized and accepted actuarial principles and practices.

The assumptions used in the development of the 2020, 2021, and 2022 budgets relied on historical ASE and PSE medical and pharmacy claims from ABCBS and MedImpact, respectively; funding and plan administration from EBD; historical ASE and PSE members by benefit plan, age/gender, and by month from EBD; 2019, 2020, and 2021 ASE and PSE benefit plan summaries from EBD; 2020, 2021, and 2022 fees and administrative expenses from EBD; conversations with EBD regarding the program, and actuarial judgment.

While we reviewed the ABCBS, MedImpact, and EBD information for reasonableness, we have not audited or verified this data and other information. If the underlying data or information is inaccurate or incomplete, the results of our analysis may likewise be inaccurate or incomplete.

Expected outcomes are sensitive to the underlying assumptions used. Differences between our projections and actual amounts depend on the extent to which future experience conforms to the assumptions made for this analysis. It is certain that actual experience will not conform exactly to the assumptions used in this analysis. Actual amounts will differ from projected amounts to the extent that actual experience deviates from expected experience.

Any reader of this report should possess a certain level of expertise in areas relevant to this analysis to appreciate the significance of the assumptions and the impact of these assumptions on the illustrated results. The reader should also be advised by their own actuaries or other qualified professionals competent in the subject matter of this report, so as to properly interpret the material.

The terms of Milliman’s Consulting Services Agreement as a subcontractor to Health Advantage, an affiliate of ABCBS, for the State of Arkansas dated October 29, 2019 apply to this email and its use.

This presentation has been provided for the internal use of the management of the State of Arkansas Employee Benefits Division for setting the ASE and PSE budget for CY2020, CY2021, and CY2022. The information contained in this presentation is confidential and proprietary. This information may not be appropriate for other uses and should not be distributed to or relied on by any other parties without Milliman’s prior written consent. We do not intend this information to benefit any third party even if we permit the distribution of our work product to such third party. If this analysis is distributed internally or to a third party, we request that it be distributed in its entirety.

PRESENTATION

Mike Motley, MPH
Director, Analytics

Izzy Montgomery, MPA
Policy Analyst

1.22.2021
OBJECTIVES

- Present updated analyses regarding COVID-19 impact on plan
- Review preliminary analyses of bariatric surgery program
COVID-19 IN ARKANSAS

Total Cases: 276,114
Total Active Cases: 20,391
Hospitalized: 1,179
On Ventilators: 212
Total Deaths: 4,441

Source: Arkansas Department of Health, as of Jan. 20, 2021.
COVID-19 ANALYSES

- Data from March 16–December 21, 2020
- Estimated total members ever tested: 76,039
- Total with positive test: 10,088 (ASE=4,178; PSE=5,910)
- Total positive antigen tests plus total presumptive other: 3,038

Source: Arkansas Center for Health Improvement based on data from the Arkansas Department of Health, as of December 21, 2020.
COVID-19 ANALYSES

- Total members ever hospitalized: **524**
- Total members ever in ICU: **162** (1.6% of positive cases)
- Total members ever on a ventilator: **72** (0.7% of positive cases)
- Deaths: **89**

Source: Arkansas Center for Health Improvement based on data from the Arkansas Department of Health, as of December 21, 2020.
DAILY NEW POSITIVE TEST COUNT – EBD MEMBERS

Source: Arkansas Center for Health Improvement based on data from the Arkansas Department of Health, as of December 21
DAILY NEW POSITIVE TEST COUNT BY ASE & PSE

Number of Positive Tests

Source: Arkansas Center for Health Improvement based on data from the Arkansas Department of Health, as of December 21
CUMULATIVE POSITIVE TEST COUNT – EBD MEMBERS

Source: Arkansas Center for Health Improvement based on data from the Arkansas Department of Health, as of December 21
COVID-19 TEST VOLUME BY TYPE FROM CLAIMS DATA (JULY 1–NOV. 25, 2020)

Source: Arkansas Center for Health Improvement
EBD PLAN PAID AMT. & MEMBER OUT-OF-POCKET AMT. FOR COVID-19 TESTS, JULY 1–NOV. 25, 2020

Source: Arkansas Center for Health Improvement

- Total costs for all COVID-19 tests = $2,811,411 (average of $56 per test)

- Outpatient (OP) or emergency department (ED) visits were associated with 24,265 of 50,168 tests (48.4%)

- Additional costs for associated OP or ED visits = $1,559,247

- Total amount paid by the plan for testing and associated OP or ED visits = $4,370,658
BARIATRIC SURGERY PILOT PROGRAM ANALYSES
BARIATRIC SURGERY PILOT PROGRAM ENABLING LEGISLATION

- 2011 Legislation charged EBD to create a pilot program for bariatric surgery (*Act 855 of 2011*) ending on Dec. 31, 2017
- Enrollment began in 2011 with initial surgeries taking place in 2012

Source: *Act 855 of the 2011 Regular Session.*
BARIATRIC SURGERY PILOT PROGRAM
LEGISLATIVE CHANGES

- 2012–2013 programmatic costs exceeded initially projected costs
- 2014 legislation required that costs for program should not exceed $3 million for ASE or $3 million for PSE

Source: Act 6 of the Second Extraordinary Session.
BARIATRIC SURGERY PILOT PROGRAM

LEGISLATIVE CHANGES

- During 2017 session, pilot program was extended through Dec. 31, 2021 (*Act 927 of 2017*)
- Continued requirement that costs for the program not exceed $3 million for ASE or $3 million for PSE

Source: *Act 927 of 2017*.
In 2017, the EBD Board passed the following motion related to pilot program requirements:

- The Board conditionally cover up to $3M each for ASE and for PSE plans
- Utilize Medicare requirements for surgery eligibility (BMI of 35+ with comorbidity or BMI of 40+ with no comorbidity, as well as unsuccessfully attempted medical weight loss treatment)

Source: EBD Board Meeting Minutes, April 2017.
EBD BOARD ACTION (CONTINUED)

- In 2017, the EBD Board passed the following motion related to pilot program requirements:
  - Require prior authorization for surgery and that it be performed at a Center of Excellence
  - Withhold 25% of provider and hospital pay with payment reconciliation contingent upon completion of all pre-surgery and all post-surgery follow up requirements
  - Program components to be specified by EBD prior to implementation

Source: EBD Board Meeting Minutes, April 2017.
2021 BARIATRIC SURGERY PROGRAM REQUIREMENTS

- Be policyholder on plan for at least 1 year as of Feb. 1, 2021
- BMI between 36-39 with a weight-related comorbidity or BMI between 40-59 without a comorbidity
- No previous bariatric surgery
- Be financially prepared to cover all member cost-share at or before the scheduled surgery date
- Participate in monthly case management phone calls M-F between 8 a.m.-4 p.m.

Source: ARBenefits Bariatric Pilot Program Requirements 2021
2021 BARIATRIC SURGERY PROGRAM REQUIREMENTS (CONTINUED)

- Be an active employee at the time of surgery
- Have surgery on or before Dec. 31, 2021
- Enroll in 3 months of coaching with Health Advantage nurse
- Telephone contact must be documented monthly, no less than 20 days nor more than 40 days between contacts
- Surgery must be completed within 1 year after enrollment

Source: ARBenefits Bariatric Pilot Program Requirements 2021
2021 BARIATRIC SURGERY PROGRAM REQUIREMENTS (CONTINUED)

- A 3-month physician-supervised nutrition & exercise program:
  - Low-calorie diet or diet program recommended for member by his/her physician (or surgeon)
  - Increased physical activity and behavior modification
  - Member’s compliance with program must be documented in the medical record at least monthly
  - Records must document compliance with the program and must show progress of weight loss or no net weight gain; Member’s weight must be documented at each visit

Source: ARBenefits Bariatric Pilot Program Requirements 2021
BARIATRIC SURGERY BACKGROUND
BARIATRIC SURGERY BACKGROUND

- More than 340,000 bariatric surgery procedures performed worldwide in 2011
- Demonstrated to be effective at achieving weight loss and improving coexisting conditions
- 3 most commonly performed bariatric procedures:
  - Gastric bypass
  - Gastric sleeve
  - Lap banding

ESSENTIAL COMPONENTS FOR BARIATRIC SURGERY PROGRAM

- Intensive behavioral management before referral for surgery
- Multidisciplinary team approach (bariatric specialist, psychologist/psychiatrist, nutritionist, etc.)
- Post-surgery care, including ongoing weight monitoring, review of dietary changes, and assessment of coexisting conditions
