The [Arkansas General Records Retention Schedule](#) sets forth the minimum retention requirements of records commonly found in state government. Refer to this document for the complete list of record retention requirements.

**Public Records:** Any physical form or material (written, recorded sound, films, tapes, electronic or computer-based information or data compilations) required by law to be kept that constitutes a record of the performance or lack of performance of official functions that are or should be carried out by a public official or employee, a governmental agency, or any other agency wholly or partially supported by public funds or expending public funds. All records maintained in public offices or by public employees within the scope of their employment shall be presumed to be public records.

**State government:** State agencies, boards, and commissions, hereafter referenced simply as agencies. It does not include the following:

1. Local, city, or county government;
2. The General Assembly committee or staff;
3. Public institutions of higher education with respect to academic, research, health care, and existing information and technology applications and under-lying support;
4. Judicial branch; or
5. State constitutional offices

An agency is not required to create such records but rather the law establishes minimum retention requirements for records created or retained by a state agency. This schedule is not intended to govern the retention of records which are unique to individual agencies.

The retention periods established in this schedule are minimum retention periods. They are not intended to prevent individual agencies from establishing longer retention periods for any of their records. Regardless of the minimum retention periods stated within this schedule, an agency may determine any of its records may be of permanent value to agency operations, may have external requirements for perpetual retention, or may be useful for the study of history. Should any differences in retention periods be found between this schedule and state or federal law, the applicable law will take precedence.

The retention periods of this schedule apply only to the official version of a record. Duplicates of the official version have no retention requirements under this schedule, even if the duplicates are found in different media. This retention schedule addresses all record formats and media (i.e. electronic, paper, microfiche, etc.). The minimum retention requirement is determined by content, not by format or media.

The Personnel Records Retention category includes records of each state agency's employees, showing the name, title, position held, organizational assignment, salary, changes of employment status, attendance, leave, performance evaluations, and such other information or policies as may be necessary for the administration of rules pertaining to this category of records.

If a personnel record is the subject of litigation or other official action, the retention period listed within this schedule will be superseded and the record will be retained until such action has been finalized.

This section is not intended to govern compliance with federal employment laws such as Equal Pay Act, Fair Labor Standards Act, Family and Medical Leave Act, etc.

The record categories are supportive of the audit process of the Arkansas Division of Legislative Audit.

The following record retention periods reflect the retention and disposition of the official record regardless of media. Copies used for specific legal, fiscal, or administrative purposes may be either retained using the retention for the primary copy or scheduled separately if a different retention is required. Copies of these documents preserved only for convenience of reference or informational purposes may be discarded when no longer needed.
