

# Arkansas Data and Transparency Panel Meeting

July 28, 2022

# Agenda

---

- I. JEDx Background and Project 1 Objectives
- II. Federal and State Reporting: Where We Are Now
- III. Future Vision
- IV. Project 1 Work Plan and Technical Workgroup Objectives
- V. Example Use Case/Application: Improving Demand and Supply Analysis
- VI. Summary and Next Steps
- VII. Q&A

U.S. Chamber of Commerce  
Foundation

**JEDx**

# JEDx Background

---

U.S. Chamber of Commerce  
Foundation

- Clearer Signals Report Released (Q4 2017)
- JDX Job Data Standard Developed and Pilot Tested (Q1 2018 - Q4 2019)
- T3 Innovation Network Project on Employment and Earnings Records Standards (Q1 2019 - Q4 2020)
- Data Dictionary and Final Report on Employment and Earnings Record Standards Published (Q1 2021)
- JEDx Advisory Committee Formed (Q1 2021)
- JEDx Implementation Report Published (Q2 2021)

# JEDx Founding State Partners

---

- Arkansas
- Colorado
- Kentucky
- Texas
- California
- Florida
- New Jersey

U.S. Chamber of Commerce

# JEDx Approach and Projects

---

A public-private, standards-based approach for **consistent** sharing and using of **data on jobs and employment**:

- Project 1: Improving Federal & State Reporting Starting with State UI Reporting:
- Project 2: Improving Job Description Data for Sharing and Use in Managing Career Pathways (e.g., education partnerships)
- Project 3: Improving Job Posting Data for Search
- Project 4: Empowering Workers/Learners to Use Employment Records for Job and Government Program and Benefit Applications

U.S. Chamber of Commerce  
Foundation

**JEDx**

# Project 1: Improving Federal/State Reporting, Starting with UI

---

## Primary Objectives:

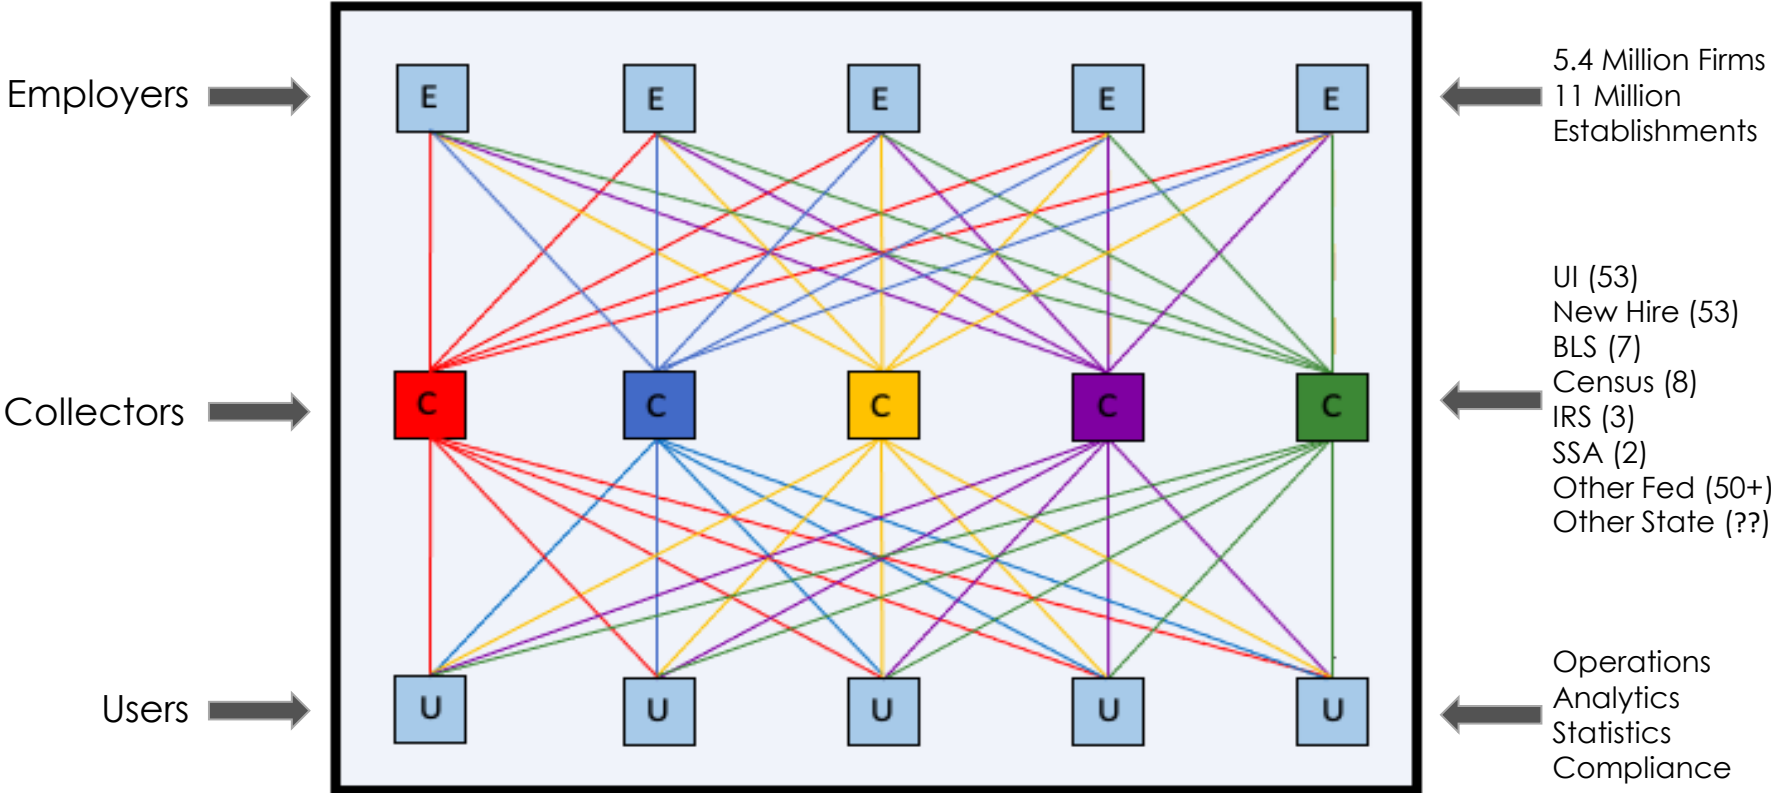

- Reduce federal and state reporting costs for employers and government agencies
- Improve data quality and timeliness
- Provide better data for public and private workforce analytics and program administration applications

## Secondary Objectives:

- Ensure that employers and HR service providers take a consistent approach in:
  - Sharing and using job description data in career pathways **(Project 2)**
  - Improving job posting data for search **(Project 3)**
  - Providing workers/learners with their own LERs for job applications and government programs and benefits **(Project 4)**

# Federal and State Reporting: Where We Are Now

# Vision of the Future

---

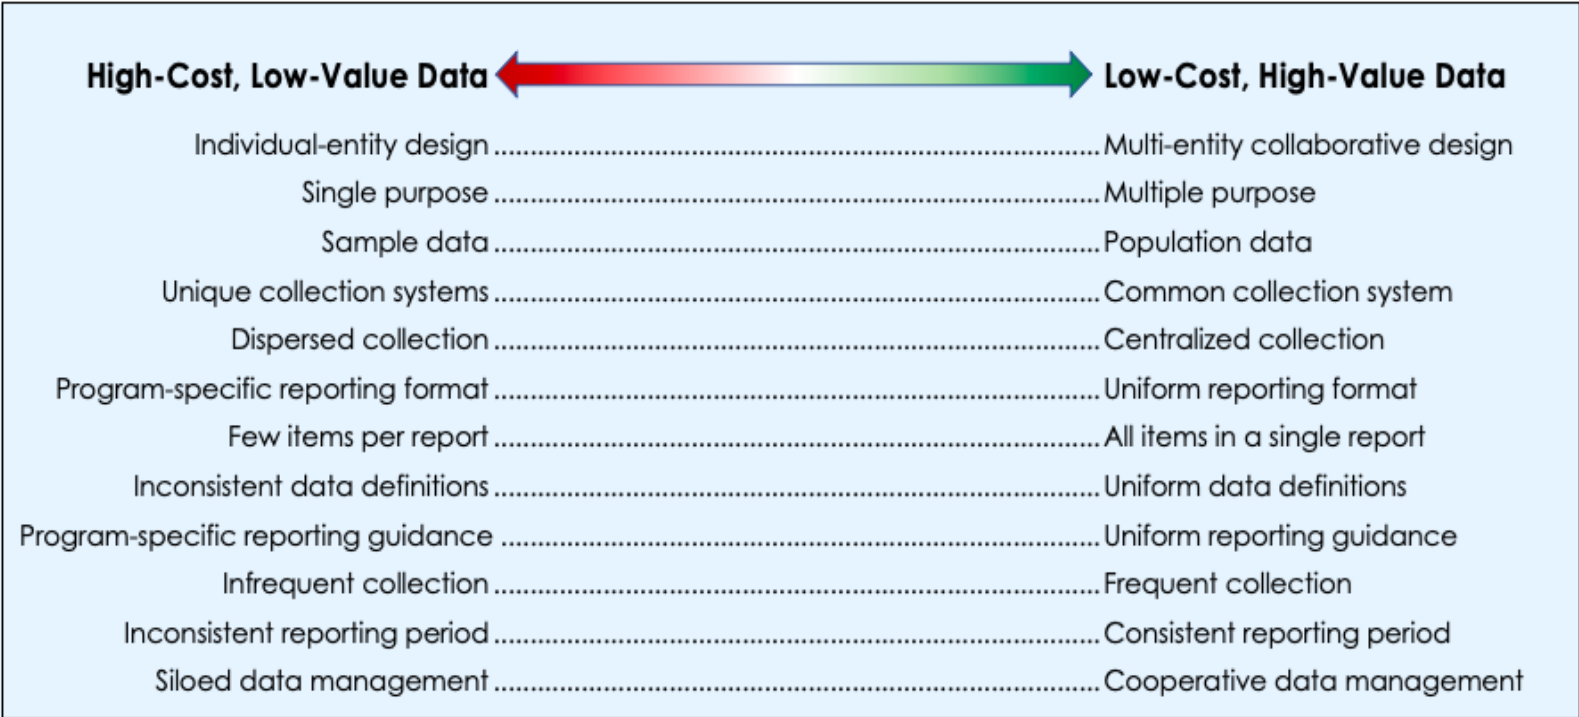

## High Public-Private Value and Low Cost Achieved by:

- **Comprehensive, standard set of employer data** meeting requirements for government reporting and high priority use cases/applications
- Submitted as one report using a **standard system architecture** (e.g., APIs)
- Governed by a **public-private data trust** to expand public and private use and protect employer and worker privacy

# Vision of the Future: Higher Value at Lower Cost

# JEDx Project 1 Work Plan

---

- State/National Coalition Building: January through September
- Technical Workgroups: April through September
  - Data and Applications Priorities
  - System Architecture
- State Piloting Decisions: Post-September

# JEDx Technical Workgroup Objectives

---

## **Exploring Data and Applications Priorities and Standardization/Consolidation Opportunities**

- Determine data needed to meet the needs of current UI collection systems and state UI enhancement initiatives
- Identify high priority use cases/applications and data requirements (e.g. demand-supply analysis) and examples of potential data products
- Identify immediate opportunities for consolidation (e.g., ARS, MWR, OEWS) and standardization (e.g., occupation, establishment/work location)

## **Designing Flexible Systems and Developing Pilot-Test Plans**

- Designing common but flexible collection mechanisms (e.g., API)
- Develop pilot-testing options and plans
- Explore data management approaches for expanding public-private access and protecting privacy building on complementary national and multi-state initiatives

# Example Use Case/Application and Data Requirements

---

## **Use Case/Application:**

Improving demand and supply analysis at the state and regional levels

- Improving industry/occupational demand data including projections
- Improving analysis of employment and earnings of program completers

## **Possible Data Requirements:**

- Occupation: Job Title, Duties, SOC
- Employer Establishment Industry
- Primary Work Location
- Employment Start and Stop Dates
- Paid Work Hours
- Worker Earnings
- Linkages to program completer data

U.S. Chamber of Commerce  
Foundation

**JEDx**

# Summary and Next Steps

---

- Technical workgroup draft reports out for review
- Next steering committee meeting August 16
  - Review of draft final report
  - Proposed next steps and piloting options

## Primary Contact

Jason A. Tyszko

Vice President, CEW
