

Attachment C Market Basket Proposal

Instructions:

The Market Basket will be used for evaluation of cost points only.

The list below are 20 products included on a list of the most 100 purchased items on our current contract. Please complete each yellow highlight field.

If there are multiple prices for an item, provide a mid-range price.

Please provide items that are comparable to the descriptions.

Offerors must provide a retail price for each line item in order to be considered responsive.

Please provide a link to your retail prices so we can compare what is provided on this Market Basket.

Cost points will be given based on the total of the Market Basket items with applied discount.
